Brother FAX-2920

The FAX-2920 adds style and performance to any office. This fully featured laser fax machine with back-lit LCD display has a compact design and front loading paper cassette tray, which makes it the ideal solution when space is limited.

This high performance Super G3 laser fax, with 20 one-touch dial locations, makes communication with your most regularly used numbers both quick and efficient. Up to 500 pages can be stored in the fax memory for out of paper reception or transmission.

- 33,600bps super G3 modem
- Back-lit LCD
- 20 one-touch dial locations
- 200 speed dial locations
- Up to 20 sheet automatic document feeder
- Up to 250 sheet paper capacity
- Dual access

- 16MB memory as standard
- Up to 500 pages* transmit/receive memory
- Memory security
- Software available as free download for Windows® & Macintosh®
 - Printer driver
 - PC fax (send only)

Along with convenient copying features, the inclusion of a USB 2.0 Full Speed interface means that, by downloading the free printer driver option from <http://solutions.brother.com>, you can turn your FAX-2920 into a high quality laser printer.

Brother continues to save you money and help the environment. As with all laser machines from Brother, the FAX-2920 operates using a separate toner and drum, which means you only replace the toner or drum when necessary.
