HL-3140CW
Compact colour printer with Wi-Fi

Affordable, high speed, high definition colour printer

At last, a compact, high quality colour printer that is affordable to buy and affordable to run too. This is an exciting development for many small to medium sized businesses who want the impact of using colour.

This entry level printer is part of Brother's next generation colour LED printers, designed for high performance and better value. It's fast, printing 18 pages per minute, easy to use, and built for reliability, giving you the peace of mind that it won't let you down. It offers advanced and flexible connections, whether you need to print direct from USB, or web-based applications such as Apple AirPrint or Google Cloud Print.

Wireless capabilities straight out of the box mean you can share resources and reduce hardware costs. Combined with its low power consumption and option for high capacity colour toners to achieve a low cost per page, it's one of the most cost effective colour printers on the market.

TOP FEATURES:

- Save time with fast 18ppm mono/colour printing
- Flexible paper handling with 250 sheet paper capacity and single sheet bypass tray
- Faster and more secure 802.11n wireless connection or connect to your PC via high speed USB 2.0
- Effortless mobile connectivity enables printing direct from your Apple iOS, Android, Windows Phone or Blackberry device
- Lower operational costs with optional high yield colour supplies
- Print professional colour documents with output of up to 2,400 x 600dpi resolution
