

L1800 ITS printer

DATASHEET

Epson's first A3+ 6-colour ink tank system printer delivers ultra-low cost printing of photos and colour documents.

A compact six-colour A3+ printer for cost-conscious homes and offices, the L1800 prints photos in around 191 seconds¹. Its high-capacity ink tank system allows it to print 1,800 10x15cm photos² without a refill. With minimal intervention, it delivers cost-effective and hassle-free printing of photos and colour documents for homes, photographers and offices wanting to print in high volumes.

Ultra-low cost printing

An integrated ultra-high-capacity ink tank system makes the L1800 perfect for heavy use where achieving a low cost per photo or colour page is important. Ideal for homes and small offices wanting to print photos and colour documents in high volumes, the L1800 includes six high-capacity 70ml ink bottles.

Increased productivity

The L1800's integrated ink tank system makes it refill-free for up to 1,800 10x15cm photos². When it's finally time for a refill, there's no mess; with fast ink top-up technology, clear labelling and a drip-free nozzle, to refill the L1800 is simple, quick and clean.

Reliable results

Inside the L1800 is Epson's Micro Piezo technology, genuine Epson ink, and a continuous ink supply, which together guarantee precise, consistent and low-maintenance photo and colour document printing in up to A3+ size. Its purpose-built and long-lasting ink tank means less downtime and prevents the poor quality print-outs that can result from using non-genuine refills and third-party ink tank systems. This printer comes with a 12 month (or 30,000 page) warranty, providing peace of mind and help should you need it.

Fast printing

The L1800 prints photos in approximately 191 seconds³, with maximum print speeds of up to 15 pages per minute for black and colour prints³.

KEY FEATURES

- **Ultra-low-cost**
Purpose-built, refillable ink tank
- **Photo printing**
6-colour A3+ printer
- **Compact design**
Small footprint ideal for home use
- **Peace of mind**
Covered by Epson's warranty
- **User-friendly**
Hassle-free with simple set-up

PRODUCT SPECIFICATIONS

TECHNOLOGY

Printing Method	On-demand inkjet (Piezo electric)
Minimum Droplet Size	1.5 pl, With Variable-Sized Droplet Technology
Ink Technology	Dye Ink
Printing Resolution	5,760 x 1,440 dpi
Nozzle Configuration	90 Nozzles black, 90 Nozzles per colour
Application	Home, Photo

PRINT

Printing Speed ISO/IEC 24734	2.6 pages/min Monochrome, 2.6 pages/min Colour
Maximum Printing Speed	15 pages/min Monochrome (plain paper), 15 pages/min Colour (plain paper), 45 Seconds per 10 x 15 cm photo (Epson Premium Glossy Photo Paper)
Colours	Black, Cyan, Light Cyan, Yellow, Magenta, Light Magenta

WHAT'S IN THE BOX

- 6 x 70ml individual ink bottles (Bk,C,Y,M,Lc,LM)
- Main unit
- Power cable
- Driver and utilities (CD)

INK CARTRIDGE COMPATIBILITY

- T6731
- T6732
- T6735
- T6736
- T6733
- T6734

1. A3 photo print speed when printed on Epson Premium Glossy Photo Paper in default mode, with borders. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.
2. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 29103 with replacement sets of ink. Quoted yields are NOT based on ISO/IEC 29102. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
