WorkForce DS-520N

This high-speed sheet-fed scanner has network capability and Document Capture Pro[1] for automatic distribution to document management systems.

Featuring a Network Interface Unit, high-speed scanning and fast data processing, this document scanner can be shared with multiple employees and is ideal for easy document workflow. Combined with Document Capture Pro solutions[1], users can benefit from Push Scan features with pre-defined job profiles.

High-speed scanner
The DS-520N has a compact footprint and high-speed scanning of up to 30ppm / 60ipm, even at 300dpi in both colour and monochrome. This, combined with hardware JPEG compression, makes large scan jobs faster to process. With the Network Interface Unit, it is ideal for sharing across office and department networks.

Document workflow
Epson Document Capture Pro software[1] makes it easy to integrate this business scanner into your document management system, speeding up workflow and enabling you to capture, convert and distribute scanned information into your document repositories. Benefit from Push Scanning with pre-defined job profiles. In addition, barcode recognition and Zonal OCR will help automate large document processes, such as file naming and folder creation. It's easy to integrate thanks to TWAIN, ISIS and WIA driver support.

Efficient
Epson 's scanning software offers a wide range of advanced document imaging features, including multi-document size detection, text enhancement and automatic de-skew to improve efficiency and increase productivity.

Network sharing
Easily integrate this network-ready model into your company environment. Combined with Document Capture Pro/Pro Server[1], this scanner increases productivity with customisable PushScan functions from the scanner panel such as scan-to Microsoft SharePoint™ and cloud services.

KEY FEATURES

- **High-speed scanner**
  Up to 30ppm / 60ipm
- **Easy integration**
  Document Capture Pro compatiblity[1]
- **Hassle-free**
  Advanced feed technology
- **Network capable**
  Push Scan features with pre-defined job profiles
- **Single-pass duplex scanning**
  Quickly scan both sides of a document
